

Protecting All
That Matters.

AWP Windows & Doors, LLC Launches New Quick Ship Program

Medley, FL – November 22, 2013 – AWP Windows & Doors LLC announced today the expansion of their quick ship window and door program.

AWP has been the leader in Florida at delivering impact products in an accelerated time frame. Previously the quick ship program was available in the 2500 series Impact Single Hung and the 1800 series French Doors only. With the expansion of this new program AWP will now offer the same quick ship options in Non-Impact products also.

Available immediately in this program are the following series and products.

580 Series Single Hung

600 Series French Doors

6800 Series Rolling Windows

800 Series Florida Awnings

Each of these products will now be available in a 1-week Quick Ship and a 48-hour Will Call option for our local dealer customers.

The new expanded quick ship program will allow us to better respond to customer's needs and be their go to source when they need windows quickly. We are excited about the ability to expand this popular offer to our non-impact customers and hope this will help them continue to grow their business.

More information on the quick ship program can be found on the AWP Website at www.awpwindowsanddoors.com.

About AWP Windows & Doors

Established in 1958, AWP currently serves the residential and light commercial market with vinyl and aluminum windows and doors designed to meet the Florida codes for impact and non-impact products. AWP also has a broad base of export business and is a leader in exporting windows and doors to the Caribbean and Latin America. AWP specializes in Miami-Dade approved impact and non-impact windows.
